### Oral Presentation Tips

- Ask teachers to check the grammar and spelling on your slides.
- No more than 5 points on any Power-Point slide.
- The points on your slides are your cues... do not read from the slides.
- Maintain eye contact with your audience.
- Speak to the audience - not the screen or the computer.
- Practice - to get your timing perfect - don't lose points for being under or over time.
- If there is a Q & A session or discussion after your presentation - make sure you have prepared suitable questions.

## Bumper Intake - 2015

The start of the 2015 / 2016 academic year saw a record number of students joining the GAC program. There are now 133 students across all three levels, with 62 of those (*some pictured below taking the Entry Test*) making up our new GAC '7' intake in Year 10.

## Welcome to Year 10!

*Friday 12th June was 'Freshy Day' at the secondary campus. Many activities were arranged by the senior students to welcome Year 7 and Year 10 students. Pictured below on the left are new GAC students Ms. Thorntan & Ms. Pairaya who both seem to be enjoying the fun and games. Pictured below on the right are three of the Year 12 activity organisers, Mr. Panas, Mr. Sakdithat and Mr. Supachot.*
