before the holiday,
your -**

- ⇒ **Portfolios are to be completed and then submitted to the GAC Office.**
- ⇒ **Flash-drives are to be up-dated and then submitted to the GAC Office.**
- ⇒ **Documents are to be saved in the correct folders in Google Drive.**

The carnival is over - for some

All three levels of current GAC students were heavily involved in this year's Sports Carnival on Friday 22nd January, and an amazing day was had by one and all. As always, the Year 12 students representing all four houses put in countless hours of practice and preparation, and the entire

school was rewarded with a spectacular event. Photo left shows soon to graduate Wattanai (12D) and Phitsinee (12E). Photo below shows Athikom, Taweesak & Pasinn from 10A, and, Yoshiyuki from 11E.

Summer School

Summer School for the newly enrolled GAC students will take on a new format for this year, with two weeks of **"English Only"** before the Songkhran holiday. This first 'block' will comprise English / Computing & activities. Then after the holiday there will be two weeks of Thai classes to prepare the students for their new Y.10 option program.

All students - prepare well, and good luck with your end-of-semester examinations.
