

Dear parents of kindergarten students

Due to the COVID-19 pandemic situation, delivery of lessons needs to be changed from on-site to online learning. To ensure students' all-dimension and continuous learning, the Kindergarten Department has come up with a learning package namely **"Integrated Learning Activity Pack"**. Parents are invited to visit the school on-site to collect the learning package. For more information, please refer to the information detailed below.

Date of Collection	Year Level	Remark
18 th - 19 th January 2021	NC. and KG.3	If you also have siblings currently studying at the school, please arrive the school on the oldest sibling's materials collection date to reduce trips.
20 th - 21 st January 2021	KG.1 and KG.2	
23 rd January 2021	For parents inconvenient to collect materials on the date specified.	

**Students in all year levels collect materials at 08.30-15.30
At student drop-off & pick-up area under Building 6.**

Collect the activity pack without having to get off the vehicle (Drive-Thru) according to the Covid-19 precautions.

- 1. For students arriving the campus by cars or taxis**, material collection is drive-thru. Please put the student name card on the car's dashboard OR tell the student's name at the teacher at the security booth. Next, drive through the campus to collect the materials.
- 2. For students arriving by motorcycles or on foot**, please park the motorcycle next to the security booth and walk through the campus. Please pass the temperature checkpoint underneath Building 6 and contact your child's homeroom teacher to collect the materials.
- 3. Please wear face masks at all time while remaining in the campus.**

The activity set includes

- 1. Sand Set:** Sand Set is an activity set that students can play with to practice their skills relevant to drawing lines, writing Thai & English alphabets, writing numbers, drawing pictures to commands and imagination.
- 2. Shape Set:** Shape Set is an activity set that students can play with to learn about shapes, colors, size comparison, visual-spatial awareness, and building patterns appropriate to students' specific ages ranges.
- 3. Worksheets** from Google Classroom Lessons
- 4. Tree Plantation Set:** Tree Plantation Set consists of seeds, stems, tree growth record forms (for students in KG.2 and KG.3). While going through activities provided by the set, students get to learn about growth of trees, how to do notetaking, and trees caretaking.

For NC. to KG.1,
The activity set 1-3
will be distributed.

For KG.2 to KG.3,
The activity set 1-4
will be distributed.

Remark

- Parents are going to co-evaluate students after they go through each activity set of Integrated Learning Activity Pack.
- Students in all year levels will receive textbooks and are asked to take them back home for reading.

Thank you for your kind assistance in supervising students while attending online lessons.
