- **Student Council Activities**
4th - 8th July
- **Long Weekend**
13th - 17th July
- **Mid-Semester Exams**
18th - 22nd July

Back on-site

Each and every one of you has the ability to be what your heart desires. Go for it.

Kick-start the new school year and get back on track towards success.

Talk to your teachers as often as possible to make up for the past two years of little use of English.

Return to the day to day learning at school and start a new positive routine.

After the ups and downs of online learning...let's all settle back into being very attentive and inquisitive.

Welcome GAC '14'

The new GAC students this year (Y.10A) had their orientation session on the 31st May with the DoS. They showed a great deal of enthusiasm during the presentation, and asked many, many questions about how to do well in the program. It has been a very positive start to the 2022 / 2023 academic year.

Awesome Achievement

For any student, achieving a GPA of 4.0 in the GAC program is an amazing feat (94% + on 29 assessments). Yet, to do this when the majority of lessons were online (especially difficult for Y.10 - Level 1 students) just goes to show what can be done if you do really want to do it.

Both of these very hardworking girls, - Miss Thansupak (left) & Miss Pattaraporn (right) did just this. Now both busy in Y.11A.

Study Smart

You do not have to study too hard to study smart. Use your time wisely and ask your teachers lots of questions. Join the early class in the mornings to work on assignments and projects with the help of your GAC teachers. Check in with Mr. Phil for more information.
