2. Application School Bright

School Bright Application has been used in our school since semester 2/2021 without charging any costs to parents as a means to help lesson parents' financial burdens. Nevertheless, charges will be applied to parents starting from the academic year 2023 onwards. Also, from 26th April 2022 onward, the school will stop using line Checker and use only School Bright for the whole school. The application will allow parents to manage many school-related things very easily such as, "checking students' attendance, applying for leave and or viewing grade reports". Please see the clip provided in the link for more information.
